

First paddle of 2018. The ice is out of Cranberry Lake! — in Seeleys Bay. says James Raffan.

Spring is coming!! There have been snowdrop and crocus sitings *and* Mr. Raffan and his pensive companion have completed their first paddle of the season. It's also less than 2 months to the Seeley's Bay Annual Red Canoefest. Watch for details at www.redcanoefest.com.

We are planning our annual Pitch in and Clean Up followed by a BBQ on April 28th. What a great way to say hello to neighbours while sprucing up our village.

Township News – The Seeley's Bay Area Residents' Association sends a representative to monthly meetings that include four village associations. This "PEER" committee is the format for discussing public works and planning issues, advancing village revitalization objectives, and identifying shared opportunities with other villages. The Township recently approved investments in some improvements for the Community Hall . A study on the potential for improvements to the public harbour is forthcoming, and way finding signs should be in place by this summer to help visitors to our community find their way to public facilities.

The Great Golden Egg - Get Away !

What started out as a simple egg hunt on March 31st turned into an adventure when one golden egg jumped from a warm pocket, launched itself off Haskin's Point and into the Rideau Canal. Not even a local angler could convince this lone egg to return to its rightful owners.

We are happy to report that our young adventurers exchanged their amazing story for a yummy chocolate treat at Ridgway Confections. We regret to inform you however, this rogue egg a.k.a. "goldie" is still on the loose - a chocolate reward is being offered for her return.
